Truck/Equipment Maintenance Technician

Maintenance Technician hourly wage is based on experience, ability and work ethic
Experienced Technicians earn up to $27.00 / hour

VanDerVart Concrete Products is growing therefore we are currently looking for an individual to join our staff as our Maintenance Technician. As a Maintenance Technician, you will service and maintain our equipment including semi-tractor trailers, concrete trucks, straight trucks, fork lifts, front-end loaders and production equipment. VanDerVart Concrete Products is a Sheboygan based, family owned business that strives for high quality staff members. We manufacture and deliver ready-mixed concrete and concrete products from several locations in east central Wisconsin to serve customers. New employees do not need to have experience in the concrete industry.

VanDerVart Concrete Products hires both part-time and full-time maintenance staff
Maintenance Technicians are required to be a minimum 18 years of age
A Commercial Driver's License [CDL] is preferred but not mandatory

Our standard work schedule is first-shift, Monday through Friday.
Our work week may include some Saturday morning and/or occasional evening work.
This position includes working in both inside and outside work environments.
We properly train new staff members to ensure they are comfortable working with our equipment.
Company tools are provided but a Technician may bring their own tools into work if they desire.
Continued education of employees is encouraged and often compensated.
Individual growth in additional ability and performance is rewarded.
Maintenance Technicians must have basic physical abilities necessary to perform the work.

Maintenance Technicians work on a variety of trucks and equipment with duties that include:
• Routine diesel engine service work
• Steel Fabrication, Welding and Metal Work
• Tire and Brake Work
• Trouble Shoot and Repair Electrical Issues
• Service Oil Hoses, Filters and Pumps
• Repair Mechanical Breakdowns with Urgency
• Perform Maintenance on Production Equipment
• Draft Paperwork Documenting Parts and Labor
• Perform Annual Vehicle Inspection Certifications
• Maintain Proper Levels of Parts & Inventory

Our full-time Maintenance Technicians receive an above average benefits package including:
➢ Paid Vacation Time
➢ Paid Personal Time
➢ Paid Bereavement Time
➢ Paid Holidays
➢ Health, Dental, Vision and Life Insurance
➢ Profit Sharing and 401k Plan with Matching Company Contribution
➢ Company Provided Shirts
➢ Company Provide Safety Gear
➢ Discounted Price on Shoes/Boots
➢ Employee Discounts on Concrete and Masonry Products
